

ORCHID S.P.E.C.I.E.S. (N.S.W.) INC.

2017 SHOW DAY and ORCHID AUCTION

Sunday 22nd October, 2017

To be held at

(*** Same location as last year – see address below and map on page 4. ***)

Thornleigh Community Centre

**corner of Phyllis and Central Avenues, Thornleigh
(next to the Bunnings Thornleigh store)**

Auction starts 10.15am.

TERMS AND CONDITIONS OF THE AUCTION

Sellers. By offering plants for sale via this auction, a seller understands and agrees that:

1. All plants they offer must be clearly numbered in accordance with the catalogue and be well established, clean, and free of disease. Plants must be booked in at the hall between 7.30am and 9.30am on the day of the auction.
2. Orchid S.P.E.C.I.E.S. (N.S.W.) Inc. has the right to reject any plant from the Auction at its discretion.
3. Sellers will be paid at the November S.P.E.C.I.E.S. meeting or subsequently by mail. Commission of 15% to Orchid S.P.E.C.I.E.S. (N.S.W.) Inc. applies to all sales.
4. It is a condition of acceptance of plants for auction that they are free from virus and that the seller agrees to the terms of clauses 4(a) to 4(d) :
 - (a) The decision of the committee of ORCHID S.P.E.C.I.E.S. (N.S.W.) Inc. is final as to whether any plant is infected with virus, and whether the undertaking of this clause is to be honoured by the seller;
 - (b) the time limit on lodgment of a claim is one month from the date of sale;
 - (c) the sole remedy of the buyer under this arrangement, is a full refund to the buyer, by the seller, of the purchase price of the plant(s) that are the subject of a claim. Orchid S.P.E.C.I.E.S. (N.S.W.) Inc. agrees it will refund its sales commission as part of the refund;
 - (d) on refund of the purchase price (less the commission) by the seller, the plant(s) the subject of a claim will be returned to the seller.

Buyers. In bidding to buy plants at the auction, a buyer agrees that:

5. Orchid S.P.E.C.I.E.S. (N.S.W.) Inc. has accepted plants for the auction in good faith that the plant name is as stated by the seller. Plants are not guaranteed by the seller or Orchid S.P.E.C.I.E.S. (N.S.W.) Inc, to be as named or described. The buyer purchases at their own risk.
6. Auction plants are stated by the seller to be free from virus, but only in accordance with clause 4 above. You agree that Orchid S.P.E.C.I.E.S. (N.S.W.) Inc. will be the sole arbiter of whether a plant has a virus infection, and whether the arrangement in clause is to apply, and
7. Claims of virus infection must be lodged with a committee member of Orchid S.P.E.C.I.E.S. (N.S.W.) Inc. within 4 weeks of the auction day, and your sole remedy, should the plant be agreed to be infected with virus, is a full refund of the purchase price in exchange for return of the plant.

****There will be a break in the auction at approximately 12.30 pm for lunch.**

Tea, coffee, and snacks will be available all day, other food is available locally

****NB** A colour picture projection of the flower of the species being sold will be shown as it is auctioned. The picture is merely representative of the species, it is not necessarily a picture of the actual plant being sold, nor does it necessarily purport to represent any specific colour form or variety of that species. The accuracy of the picture (re its representation of the lot being sold) also depends on the seller having supplied the correctly named species as listed for that lot.
