PRESIDENT'S/TREASURER'S REPORT 23/24

I would like to firstly thank our fantastic group, our Members and Committee for their support in my first year back as President. A special thanks to Gaewyn for her extra support as Secretary.

This year has been a sad year as we have lost some great Life Members and wonderful friends in John Andrews and our Patron David Butler. I know they will not be forgotten anytime soon. We also lost past members Keith Johnston and John Aitken throughout the year. May they all rest in peace.

Our members have a lot a knowledge and are always happy to share particularly at our mid-meeting cuppa breaks as well as some great speaker talks that we all enjoy. We have also had some great talks from guest speakers from outside the group which everyone loves, and I thank them greatly.

Our shows this year were a great success starting in August with so many beautiful Orchids for our Spring Show. October showed how great Sarcs can be and our Bigibbum Show displayed how good a show can be in Autumn.

We finished with our display involvement at a very successful Mingara Show. Thanks to all members who displayed their beautiful orchids, so many people commented on our displays at every show.

My biggest thanks and total appreciation go to all who helped in any part of our shows. Every part is so important from Show Marshal, Sales, Raffle, BBQ, setting and packing up, judging time, supper and all those other bits most people don't see. This makes our shows a big success.

Our Christmas party this year again was a big success thanks to our fantastic hosts Ian and Elaine Slade. My final job this year as President was a very special moment, I appointed new club Patrons Ian and Elaine Slade, and two new life members Steve Dunstan and Keith Thornton all are so very well deserved for many years of service and devotion to our group and Native Orchid world. I feel this year was very successful all-round and our financial position is healthy from our show efforts.
